Greetings:

As part of our ongoing commitment to provide the very best health and wellness products, Plexus Worldwide® just revealed a brand-new product to the Plexus Joyōme™ family – the Multi-action Collagen Complex - to help you and your family continue their journey to better health and happiness.

The average American woman uses 16 beauty products before leaving the house...every day! That adds up to a lot of time and money, and the worst part is, most of those products don’t even work. They claim to “treat” surface level problems, but they use low-quality ingredients that don’t address the root causes of an aged appearance.

The truth is, your skin is fighting a constant battle in an effort to maintain a healthy-looking, youthful appearance. Imagine a house without walls, or a bridge without beams. Like many things, your skin stays strong and smooth thanks to support from underneath – and that support comes from a complex protein called collagen. Early on, your body makes collagen naturally and abundantly. But, did you know that after your 20s collagen production slows by 68% over your lifetime?

When collagen levels are high, your skin feels hydrated, smooth, and firm. When they’re low, wrinkles, sagging, and other signs of aging set in. But what if you could reduce this process and support your skin’s youthfulness with every sip? Joyōme Multi-Action Collagen Complex is here to help with an advanced formula unlike anything else.

Enclosed is a document that outlines the key benefits of this exciting new product and includes a list of the best ingredients and frequently asked questions. You can also visit https://joyomeskincare.com/

In addition, so you can see everything Plexus Worldwide has to offer, I am enclosing a document that outlines our weight management, nutrition, and personal care products.

Please contact me right away and we can discuss how you can move forward on your health and wellness journey with Plexus.

All the best.
