Greetings:

As part of our ongoing commitment to provide the very best health and wellness products, Plexus Worldwide® has introduced Plexus Slim® Microbiome Activating formula to help you and your family continue their journey to better health and happiness.

Plexus Slim Microbiome Activating is a patent pending health drink your body has been waiting for, with prebiotics to support gut microbiome health, exciting weight loss benefits and a refreshing raspberry, lemon, watermelon flavor.

Real health begins in your gut. The delicate balance of good and bad microbes in your gut (your “microbiome”) can affect everything from your mood, to your immune system, to your weight. 70% of your immune system cells are linked to your gut and 90% mood boosting serotonin is produced in your gut, where essential vitamins like B12, folate, and good microbes like Akkermansia—can thrive.

Unfortunately, your gut microbiome’s balance can be impaired by any number of factors—poor diet, high stress levels, artificial sweeteners, antibiotics, soda, processed foods, lack of exercise, or poor sleep habits (just to name a few). This imbalance, referred to as dysbiosis, can cause problems that affect your daily life, like bloating, constipation, bad breath, and excess gas. No one wants to deal with that!

But I have excellent news, in addition to the clinically proven weight loss benefits and balanced blood glucose levels, Plexus Slim® Microbiome Activating can help your gut thrive. Packed with powerful ingredients, including the clinically demonstrated prebiotic Xyloooligosaccharide (XOS), Slim increases beneficial microbes – increasing Lactobacillus by 365x and Bifidobacterium by 290x.

The weight loss benefits are better than ever. This Slim increases Akkermansia—a remarkable microbe, which positively impacts disrupted metabolism associated with being overweight—by 250 times. It also increases production of short-chain fatty acids, like butyrate (which regulates energy metabolism) and propionate (which may play an important role in appetite regulation)

Enclosed is a document that outlines the key benefits of this exciting new product and includes a list of the best natural ingredients.

In addition, so you can see everything Plexus Worldwide has to offer, I am enclosing a document that outlines all of our weight management, discomfort relief, detoxification, multi-vitamin, and breast health products.

Please contact me right away and we can discuss how you can move forward on your health and wellness journey with Plexus.

All the best.
